Dear Sir:

This Amendment is in response to the Official Action dated  
December 11, 1998. Please amend the application as follows:

In the Claims:

4. (Amended) The apparatus of claim 1, wherein said conduit  
is comprised of a material selected from stainless steel, [temperature resistant]  
metal alloy, graphite, ceramic or mixtures thereof.

11. (Amended) An apparatus for removing a layer of dross from  
the surface of a metal bath comprising a generally U-shaped conduit including a  
first [let] leg having an inlet opening, and a second leg having an outlet opening for
